Seasons Greetings

As 2009 draws to a close and we look forward to a fresh start in 2010 lets enjoy the festive season and the cracker jokes:

What's white and goes up? A confused snowflake!
What does a fish say that swims into a wall? Dam!
Two fish in a tank, one says to the other 'Can you drive this thing?'
What never eats at Christmas time? The turkey, its usually STUFFED!

Yes corny but fun, something that for many has been in short supply this year. A very big THANK YOU to all our customers for your support during 2009 and from all of us at SOG we wish you a very enjoyable and Happy Christmas and a much better and more prosperous 2010.

Peter Cook, Managing Director, SOG Ltd

CONGRATULATIONS to Heath resident AM Technology who has secured a prestigious national Business Innovation Award for its pioneering work in flow chemistry. For the second year running, UK Nano & Emerging Technologies Forum 2009 ran a competition to showcase the very best of British innovation.

AM Technology's success came in the 'Energy and Environment' category where it took top honours for its work in developing a new flow reactor for the continuous manufacture of chemical compounds for the pharmaceutical industry.

Robert Ashe of AM Technology said: "As a small company the recognition offered by a Business Innovation Award can only help to raise our profile. We see this success as a tremendous tribute to the hard work of the entire team at AM Technology and to the incredible level of expertise within the company."

Welcome to New Businesses

A very warm welcome is extended to the following businesses who have signed licences to operate their business at the Heath since our Autumn/Winter Connect:

- Business ITC Ltd
- Dyson Thermal Technologies
- Forensic Testing Services Ltd
- Lifestyle Complete Consumables
- Ocelot Technology
- Saint Gobain Sekurit
- S E Gill Business

World-class 'Makeover' Assignment for Heath Beauty Consultants

Yvonne Richards, proprietor of Taylor Richards Hair, Health & Beauty Salon based at The Heath was recently commissioned to 'make-over' the UK's four Mrs World 2009 contestants for an exclusive photo shoot prior to the annual international beauty pageant in Vietnam. Collagen-based beauty products were used to create four different looks and the girls were so impressed they invited Yvonne to accompany them to Vietnam. Unfortunately work commitments didn't allow this but Yvonne did give the contestants tips on how to apply the products to recreate the stunning looks for the judges in the Mrs World 2000 contest for married women.

Love Frocks Gets Wired

Congratulations to Nathalie Beard of Lock Frocks who has recently won 'New Business of the Year' award at the Wire fm Awards, held at the Stobart Stadium on Thursday 27th November.

Nathalie attended the glittering award ceremony with friends and was surprised and delighted to win the award.

Beverly Knight plus Bubble G (Simon Cowell's new group for those of us not in the know!) and local stars provided entertainment during the evening!

The Customer Care Team have been making their way around the Heath corridors delivering SOG Christmas cards to every resident business at The Heath. On all of our visits we are greeted with such warmth and friendship, it is a pleasure to visit everybody, especially at this time of the year.

We shall continue to pop our head round the door from time to time throughout 2010 to see if we can be of any help or perhaps just a quick hello! We do value all our residents and their businesses and we look forward to helping whenever we can in the new year.

Merry Christmas & a Happy New Year!
